Turkey Hunting
Drawing Procedures

Firearms: TBA

Permit Required: One bearded turkey; NO JAKES

To prevent overcrowding, the PBA limits some hunting opportunities through a permit draw system. Lowering hunter numbers not only regulates harvest, it offers a better hunting experience for the hunters who draw the tags.

All Sportsmen who wish to participate in the drawing will submit their request online through the PBA Natural Resource Website. <https://www.pba.army.mil/> Participants may begin to submit names on March 1 and selected participants will be emailed by March 20 (or the following Monday if the 20th falls on a weekend) if selected. Selected applicants will be authorized to hunt turkey on PBA during the PBA turkey season.

Applying is free, but successful applicants must pay \$15 to receive PBA hunt permits. An Antiterrorism/Force Protection Background Check must have been performed within the last year.

Participation is open to all persons who wish to enter the drawing. All successful applicants will be required to attend PBA safety briefing, have a valid Arkansas hunting license, proof of an acceptable hunter's safety course, a PBA Natural Resources Permit and a picture badge before being allowed to hunt turkey on PBA.

PBA turkey season will consist of two hunts that last three days. The first hunt will occur on the first Saturday, Sunday and Monday of the regular Arkansas turkey season and the second hunt will occur on the second Saturday, Sunday and Monday of the regular Arkansas turkey season. Five (5) Sportsmen will be selected per hunt.

Applicants that are selected under the age of 16 must meet all requirements in PBAR 200-1 to participate in hunt.
